Knowledge

Care

Kindness

We are a support group for parents/carers of children who have been sexually abused.

Information

After 18 years of working with children and young people who have been sexually abused, and their families, we are responding to a recognised need and wish to offer a welcoming environment where those with shared experiences can share and learn from each other.

During these sessions we will have space and time to listen and support, hold workshops, provide information, have expert speakers, and make some time to care for ourselves and have some fun.

We offer a weekly group session for 20 weeks.

We also offer a monthly drop in where the service can be ongoing for as long as you need.
